The Car Guy - 1954

Fred Blair has always been a “Car Guy!” Starting with his first car in 1969, hardly a week has passed without water, a bucket and a sponge hitting his personal fleet. No matter what car he has owned, borrowed or rented, the car had to be clean! So why not use this passion and talent to build a great business?

Today, “The Car Guys”, Advantage Car Care specializes in transforming your car, truck, motorcycle, RV, airplane, or boat into a spotless beauty.

The Advantage Car Care “Car Guys” are highly trained professionals that offer a one of a kind personalized detailing experience, second to none. Using custom processes along with the best cleaners, waxes and polishes, Advantage Car Care offers a one of a kind vehicle detailing service.

Paint Restoration & Dent Repair

#### Q. How is detailing different than getting my car “washed and waxed?”

A. There is no comparison. Detailing a full-sized car is a 4 to 8 hour job. (No high volume, fast-tunnel wash “express detailing” as done by our competitors.) “The Car Guys” hand wash every car! Our professional detailers meticulously hand clean every square inch of your car. Then your car is polished using special compounds and polishes to remove surface scratches and oxidation that may have dulled the outer layer of paint. Finally, every car is hand-waxed! Yes, hand-waxed! Detailing also includes a thorough cleaning of your engine and engine hood, a complete shampoo of your car’s interior and special attention to the dash and console. Other than the day you purchased it, your car will never look as good as it will when “The Car Guys” work their magic.

#### Q. How often should I have my car detailed?

A. We recommend at least three times a year if your car is subjected to normal road use. More frequent detailing is suggested if road conditions are severe where you normally drive.

#### Q. Why take my car to “The Car Guys?”

A. Because we do a better job! We use only the finest materials and cleaning agents... and we take more time with each car - much more time - than other shops do. We use Carebrite™ and Ardex™ Special Polishes and Wax Products.
